International relationship – Networking plan

	Operational network	Personal network	Strategic network
Network's purpose	Getting work done efficiently	Develop professional skills , through coaching and mentoring, exchange important referrals and needed	Figure out future priorities and challenge, get stakeholder support for them
Finding networks members	Identify individuals/institutions who can support projects, needs, ideas...	Participate in professional groups, seminars, workshops, associations,	Identify relationships (lateral and vertical) with other functional and business-unit managers. (People outside our immediate control, people who can help us / to be able to

Between the fear that something would happen and the hope that still it wouldn't, there is much more space than one thinks. On that narrow, hard, bare and dark space a lot of us spend their lives.

— *Ivo Andrić* —
